

THE CIVIC ENGAGEMENT PROJECT'S FILM & LECTURE SERIES, FALL 2019

A documentary about the restorative justice movement

OCT 24 – *Healing Justice*

Healing Justice explores the history and impact of the current justice system on communities of color. By focusing on issues of personal, interpersonal, community, and generational trauma, the film addresses the school-to-prison pipeline, the need for comprehensive criminal justice reform, and the importance of healing and restorative practices in a variety of community sectors.

NOV 7 – Heath Flora, California State Assembly Member

As a member of the California State Assembly, Heath Flora (Republican) represents the 12th district—portions of both San Joaquin and Stanislaus County, including parts of Modesto and neighboring cities such as Riverbank, Oakdale, Escalon, Turlock, Manteca, and more. Come hear him speak and let him know your thoughts on local issues that matter to you.

NOV 21 – *Personal Statement*

Personal Statement follows high school seniors trying to beat the odds by becoming the very resource they wish were more widely available: college counselors. The film focuses on the impact of peer counselors and the challenges of students attempting to navigate their way through the unfamiliar terrain of the college admissions process and beyond.
